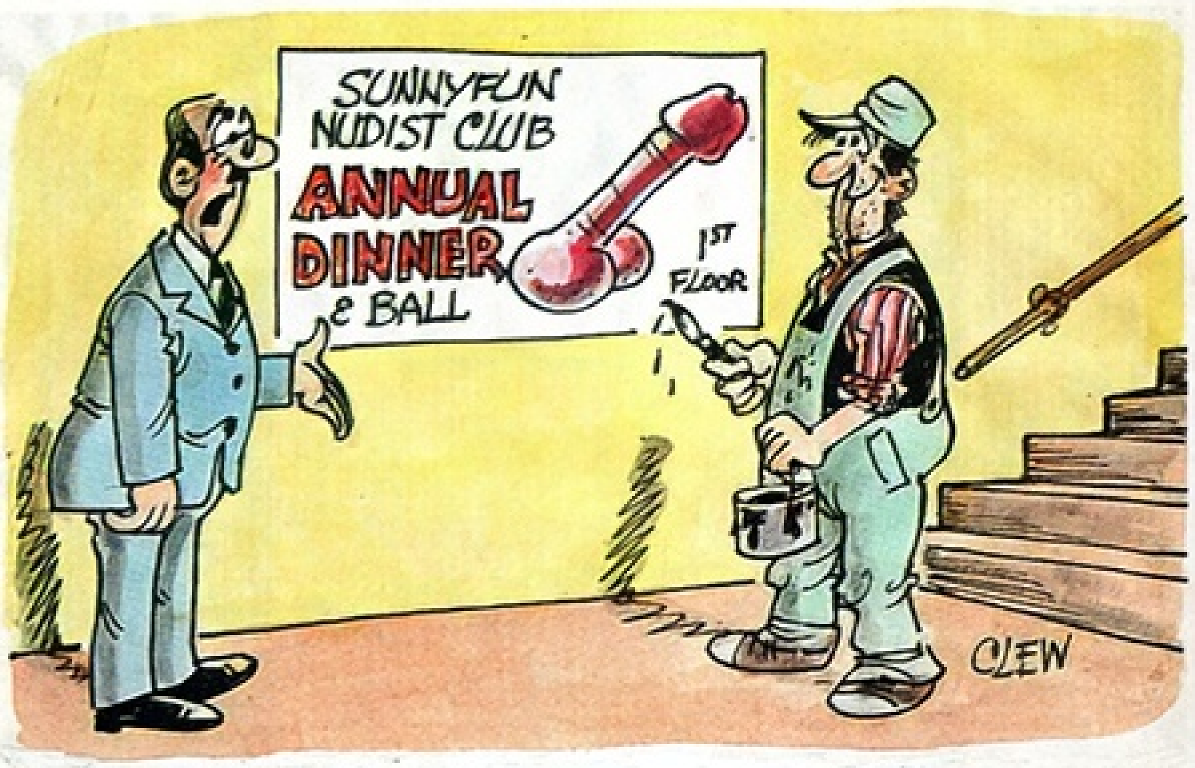
WOMAN TO WOMAN

Write



"A hand with a pointing finger would be more tasteful, George."

My boyfriend Paul and I can't stop thinking about Teresa in the September issue of *FOR MEN*. She is absolutely gorgeous, and I am saying that from a woman's point of view. We'd like to know more about her. Is she married? If not, why not? How old is she? Is she gay or bi?

We would love to have a threesome with her. Paul would love to have her suck his cock, and I'd adore a woman-to-woman experience with her. I'm only eighteen, and I thought that I was straight until I set eyes on that beauty! Even if she is not bisexual herself, I'm sure that she would enjoy the experience with us.

The magazine's great, so keep up the good work! And please let us see more of Teresa soon. Thanks!

FE, Brentwood.

BLOW JOB TO NO JOB

I had a good job as a debt collector. I didn't collect very much money, but I nearly screwed myself silly. All the young housewives were more than pleased to give me a blow job or whatever I fancied in lieu of the weekly repayment. The trouble was, that meant I had to pay off the money myself, and I soon got in debt too. Then I got the sack, and now I have a debt collector hammering on my door. I don't offer him a blow job though.

It was great while it lasted. I know that milkmen and other tradesmen were getting the same service too. It's quite common. I bet loads of guys would be amazed to find out that their wives or girl friends were up for this. Or perhaps they wouldn't? One or two I know would be quite happy so long as their wife was bringing in extra money!

MY VITAL STATISTICS

As a very active young gay woman who is also a regular reader of *FOR MEN* (for obvious reasons), I am continually fascinated by the difference in women's pussies. Some are very small and discreet, showing little more than the crevice, with everything tucked demurely away inside. Others have thick pendulous lips, and a very prominent clitoris shaft. Speaking from experience, I would say that the more pronounced a woman's pussy statistics are, the more sexually active she is, with a much higher sex drive.

My own clitoris is extremely sensitive and quite large, compared with many women I have met (when I am aroused it protrudes about an inch and is about as thick as my little finger), and my labia are thick and hang down some four inches. I am

convinced this is due to having masturbated regularly (at least once a day) since a very early age, and being sexually very active since boarding school days.

A RINGING WARNING

I've just had my labia pierced and I feel I must write to you to warn other women readers about the effects this can have. I already had pierced nipples and have small gold rings in them, which are very attractive. On an impulse I decided to get my pussy lips done. I don't know quite why, but I allowed the young lady who did the piercing to persuade me to have big, heavy stainless steel rings put in. She called them slave rings, and said they were very fashionable.

I now find that because of the size and weight of the rings, I am very conscious of them and can feel them pulling on me all the time. Obviously, this makes me feel very sexy. Now, not only am I masturbating several times a day, but I am so aroused that I am continually driven to having sex with complete strangers.

So girls, my advice is think twice before you have your labia pierced. But if you do, go for small, light rings or even studs if you don't want to be driven half-crazy with lust, like me.

AN EARLY NIGHT

As my wife is bi, we both get a great deal of pleasure out of reading your magazine together. Each month we get the latest issue, and go to bed early to study the horny young ladies, and discuss in great detail what we would like to do with them if they were there in bed with us. A great sex scene follows.

One of our best sessions was after seeing the divine Ginney in your January issue. Her beautiful boobs (etc!) really turned us both on. Is there any chance of another look at this beautiful creature soon?

A WANK AND A WINK

I was travelling home from work on the tube the other evening, it was very crowded, and I was squashed into a corner by the door with two young girls in front of me. It was so tightly packed that one of the girls had her bum pressed right back against me, rubbing against my cock with the movement of the train. I soon had a raging boner! Then I was amazed to feel a hand on my hard cock, through my trousers, squeezing it rhythmically. One of the girls was reaching round behind her and touching me up! It felt terrific, and I soon came right in my pants. She must have felt me coming because she stopped squeezing, but kept hold of it until she got off two stations later. When she got out of the train and was on the platform, she gave me a smile and a wink. Later, I could have kicked myself for not getting off there and speaking to her.

"I don't know why, but I'm only attracted to absolute bastards. The sort of guy who stands me up, lets me down, does his own thing with his mates, disappears for weeks on end, and doesn't give a damn about my feelings.

I know it's stupid, but as soon as I meet someone like that, I'm putty in their hands. They can do anything with me.

I like to think I'm a strong, independent, modern woman. But there must be a very submissive streak in me, deep down. Because, show me a guy who'll treat me like dirt and I'm his very willing slave for as long as he wants me.

I know it's stupid, but nice guys just leave me cold."

How to Shag a

With her high heels, low morals and skirt shorter than an English summer, there's no mistaking the local slag. But how do you get into her pants? Our own filthy floozy SALLY WILLIAMS reveals the best way to handle a sticky tart.

Sorry, but I have a confession to make! I'm a bit of a slut. My skirts are so tight every time I sit down the washing instructions are tattooed on my bum. My panties are so scanty I have to take them off with tweezers. I once went out with a philatelist who mistook a floral pair for a triangular stamp from the Phillipines - only much stickier.

I've always liked tarty clothes. My wardrobe has more plastic inside it than a 1972 Datsun Cherry. There's so much PVC and rubber, practically everything I wear is waterproof. Only in my case it's to keep the moisture in! Yes, I'm a self-confessed slag, so who better to tell you what turns them on, and how you can ride your local bike? Take heed, readers, and you too could end up on a good thing (and believe me, I'm a good thing to end up on!).

Where do you find a girl with more sauce than a tin of cheap baked beans? Down the pub! Most loose ladies are boozy floozies and my rubbadub has so many the locals call it The Slag Heap (the other customers are minors!). Sitting at the bar, you'll find more tarts than in Mr Kipling's cake factory, their skirts riding higher than a jockey on a giraffe.

Hunting The Lay

They're just waiting for horny punters to buy them a drink, so don't fanny about, give her a stiff one! But take plenty of money. You'd be amazed how many large ones a real slag can get down her neck. And don't rush her. Like a greengrocer's, the melons might be on display but that doesn't mean you can squeeze them before you've paid.

Buy her plenty to drink, listen to her dirty stories, and sympathise when she tells you about all the rotten fellas she's met. By closing time, she'll be like putty in your hands - warm, soft, and needing to be handled a lot before use. Ignore the laughing locals who know you've pulled the town slag, and call a cab. Slags can't be doing with buses - the only people who pay-as-they-enter are hookers' clients! The back seat of a cab is the slag's settee. She's so used to snogging there, she knows where the ashtray is without even looking up from tongueing your knob end. One word of warning. Kissing in cabs is a messy business. The drunkenness and jolting means that by the end of the journey, your face will be covered in so much lipstick it'll look as though it's been decorated by dyslexic graffiti artists. Blow jobs are also popular in late night cabs. After all there's nothing quite like something to suck to cure car sickness. But don't even consider giving oral. One unexpected sleeping policeman and you could bite her clit clean off - and you always thought that half-chewed lump in the ashtray was old chewing gum! Once back at the raunch ranch you don't have to fanny about pretending to make coffee. You can fall straight onto the sofa and start snogging. Of course, if it's her place, you have to treat it with a bit more respect. Take the dirty panties and porky paperback off the settee first, and look out for dildos that have slipped between the cushions. Fall back on one of those once you've got your kecks off and you could be in for a very painful surprise. Most of us tarts are quite well rounded individuals - and I don't mean intellectually. Fortunately science has come up with wonderful wired constructions to hold this in place during the day, but once they hit the floor, anything can go anywhere. Huge tits will be in your hands one minute and your face the next. You'll be squeezing a firm buttock at one point only to find it's a satin-covered cushion - the softer one was her arse after all!

Everyone knows that alcohol loosens tongues, and so soon both of you will be covered in saliva as you try to suck her nipples and she sucks your knob with all the finesse of a hungry slob with a hot dog. But don't worry, things are about to get better. After the initial effects of 15 rum, Remy and

If you want to cover her in honey, cream or chocolate sauce, she won't object a bit - unless it was hers (she was planning to have that for breakfast!). So don't be shock-ed if she asks you to spunk in her bra and wear it as a hat! Go along with it. You're about to have a night out in which all your filthiest fantasies come true, and no holes are barred. Enjoy yourself...

"I'm nineteen, and still a student. I've just met this guy who's quite a bit older than me, and he's amazing. He's very good looking, with an excellent body, and beautifully hung, but what really gets me is the way he makes love. I've never known anything like it. I've only ever been with young guys before, and with most of them, it's as though they can't wait to get it over. But James takes all the time in the world. He lingers over every part of me, not just the obvious places, but my toes, my ears, the back of my neck, everywhere... He says my whole body is an erogenous zone. The first time he made me come, it was so powerful that I actually fainted. From now on, it's older guys for me."

On all the great beaches of the world, from Waikiki to Ipanema, from Bondi to Bognor, there's only one sport that never fails to catch the eye - volleyball, the only game where the players bounce more than the ball. Purely in the interests of investigative journalism, HARRY HARRISON took up his position at the net, desperately hoping to get swiped across the face with a couple of stray flying objects.

Nowadays, practically every sport you care to think of (and some you wouldn't) is trying to get itself installed as an Olympic event. tenpin bowling, Subbuteo and synchronised shove halfpenny all have their merits, but if we had to throw our hat into the ring, we'd toss it hard in the direction of beach volleyball. The game's adherents have been pressing its claim for a number of years now and, in the hope of getting to press a few of the players, we thought it was about time we did our bit to help them.

Trying to convince the fossilised old buffers who run the IOC of their game's merits, the beach volleyball lobby have been keen to stress its pace, its verve, its athleticism. What they overlook is the fact that ordinary, or court, volleyball (already an Olympic sport) has all these things in abundance, and uses pretty much the same equipment. Court volleyball is a scorchingly fast and exciting game played by teams of Chinese and Korean women with kneepads and flat chests. It's skilled, tense, aggressive and thrill-packed. But glamorous it ain't.

Glamour, however, is one thing its beach counterpart has in (buckets and) spades. It's the one sport that makes you think constantly of something else that's exciting and hot and sweaty.

Take a quick flick back through your media memory store if you don't believe me. From all those fifties nudist films and mags, where the ball always conveniently hid the banned bits, and those beach party movies starring Fabian and Annette Fuccinello (in case you're wondering, the "cc" is pronounced "ch") where it was a toss up whether the musclebound hulks or the

KILLER LOOP

underwired birds had the biggest bazonkas, to the swinging sixties, when arch-hipsters such as The Persuaders could barely pass a stretch of coastline without raising their eyebrows salaciously at a bounding brace of bikini-clad babes, and Sid James's filthy chuckle could be heard whenever Barbara Windsor invited him for a quick knock up.

In the seventies, ace medical examiner Quincy was rarely off the beach, casting an expert eye over the bodies as Speedo-clad sirens whacked the ball back and forth, trying to pretend that it was all part of his ongoing education as a pathologist. And maybe it was.

Then, in the eighties, there was (and still is, thank God!) Baywatch, a programme where the amount of surgically enhanced cleavage on display gave a whole new meaning to the name Silicon Valley, and gave

the beach volleyball team the same status as teenage nympho space vixens in the pantheon of male sex fantasies.

In fact, throughout the entire history of film and TV there's hardly been a scene featuring sun and sand that didn't include a squad of curvaceous cuties and a net. Except in Lawrence of Arabia, of course - and even there, if you freeze frame the opening moments of the attack on Akabar...

The big problem in writing about beach volleyball (as you may have guessed) is that, what with all the bronzed boobs and bums leaping around the place, it's hard to keep your mind on the actual game.

Olympic Status

After years of intensive study, however, we can reveal that the game is played by two teams of six players (probably), that you can only score when you're serving (we think), and that you score by driving (it's called spiking) the ball down onto the ground on your opponents side of the net (possibly). We're also pretty sure that the team that gets to twenty-one first, with a clear lead of two points, is the winner, but don't quote us on that.

You see, whenever we watch beach volleyball (which is as often as we can get away with) we're reminded of the words of our dear old Mum during an episode of The Crystal Maze: "I don't know how they decide the winner. I just watch it for the costumes." So come on Juan Samaranch, do us all a favour. Give beach volleyball Olympic status in time for Atlanta. It may not be the greatest sport on earth, but any women's game where the players' kits could double as confetti has

THE BEST SEX I'VE EVER HAD

This month, EROS has been probing deeply into people's memories of their most mindblowing, memorable sex. In fact we've been searching for the ultimate sexual experience. We've spoken at length with two individuals and asked them to tell us all about the very best sex they've ever had. Here's the raunchy result...

Mike is tall and good looking with just a hint of greying hair at his temples. He's thirty-nine years old and the managing director of his own company in North London. He is happily married, and has one grown up daughter who is away at university. He and his wife, Janet, live in an upmarket, detached house in Hertfordshire.

EROS: Can you tell me about the best sex you've ever had?
MIKE: Yes. I love golf, and I think the sexiest lovemaking session I can remember was with my wife, after I'd played a round of golf.
EROS: How did it begin?
MIKE: Well, I played a good game of golf, and then Janet came to meet me in the clubhouse. She had a few drinks and told me she had this wonderful surprise for me.

I thought she was feeling a bit randy, because I was just sitting there chatting to a couple of the chaps, when she started touching me up under the table. Janet's very wild sexually. She is a good looking woman who is very highly-sexed. You know, she loves giving me blow jobs and going out for the evening with no knickers on, that kind of thing. Even now, after twenty years of marriage, she still drives me crazy in bed. That afternoon she was driving me crazy in the clubhouse. So I told her if she didn't leave my cock alone, I was going to take her out in the bunker and screw the arse off her!
EROS: And she continued touching you?
MIKE: She whispered in my ear that she loved the idea of making love in the bunker, and even went so far as to get my cock out under the table!
EROS: Did any of the other people in the clubhouse realise what was going on?
MIKE: No, I don't think so. Anyway, my cock wasn't out for long, because I zipped it back into my pants, grabbed hold of her hand and went back onto the course. Naturally, by this time I was as keen as hell to get inside her.

There's a bunker by the seventeenth hole that is completely tucked away. A bugger to get out of mind, but a perfect hideaway for a quick shag. As soon as we were hidden away, it was clear Janet was dying for it, the horny little bitch. She lifted her skirt up and flashed her knickers at me. I could see that her pussy was already soaking wet, and as I slid my fingers inside her briefs, I really did have a sexy surprise. I couldn't believe it, Janet had shaved off every single pubic hair. She took off her knickers and her completely bald pussy looked divine as she spread her lips for me.

I'd asked her to shave herself for me loads of times, and she'd always promised that she would, but had never actually got round to it before. When I saw her lovely smooth cunt, completely exposed, my cock sprang into full erection mode in about five seconds flat. Janet took it out of my trousers and ran her fingertips steadily up and down my hardening length.

I stroked her open, wet pussy, then one by one I eased all four fingers inside her. She jerked herself up and down on my fingers and started to come very noisily in seconds.
EROS: Does your wife usually come so quickly?
MIKE: That one was quicker than usual. I think that was because we were both so fired up

and the new situation with her having a shaved pussy, made everything more intense and exciting.

She was well away and when she stopped quivering from her orgasm, she suggested that I eat her out, so I pushed her on her back in the soft sand and buried myself in her baldness, dipping my tongue in and out of her sweet honeypot, licking every inch of her lovely bald crack. My cock was so hard that I thought it might bore a bloody great hole in the sand, so I raised Janet's legs back up behind her ears and groaned out loud as inch by inch I sank into her smooth, hairless pussy. It felt magnificent, smooth and sweet, and so wet.

My balls slapped against her delicious bald pussy lips as I screwed her. And you've got to remember that not only was this a mindblowing experience for me it was also driving Janet crazy. She was thrashing about beneath me, her pussy clenching my cock for all it was worth, her fingers caress-ing my balls and her lovely big tits bobbing up and down, her big nipples hard and erect. Janet came first and her orgasm just seemed to go on for ever, she clung to me and let out an animal scream and that was just too much for me. I felt my cream rising, so I quickly withdrew my cock from her deep, warm wetness and finished myself off, wanking and squeezing every last drop of spunk over Janet's belly and delicious bald crack.

Then together we licked the lot off, me with my eager tongue, my wife scooping up my spunk with her fingers and licking it off. It really was the best sex I've ever had.

EROS: Thank you.

"I stroked her open, wet pussy, then one by one, I eased all four fingers inside her. She started to come very noisily in seconds..."

Jessica is twenty-two years old, a good-looking girl with green eyes and a great, full figure. She is a a travel agent in Bolton and lives all alone in a bachelor girl flat on the outskirts of the city.

EROS: What's the best sex you've ever had?

JESSICA: It just has to be the time last summer when I slept with these two brothers.

EROS: So you had a threesome?

JESSICA: Yes, that's right. I was on holiday in Greece. There was this really cheap cancellation that came up, so I decided to take off for a week on my own.

EROS: And that was where you met the two guys?

JESSICA: Yes. It was about halfway through my holiday and I had built up a good tan and was feeling very relaxed. I went to this quiet little taverna that was near to my apartment. I had a nice dinner and a few drinks and I was feeling very good. I looked good too. I had on a tight white minidress with gold jewellry and gold strappy sandals. I wasn't wearing any knickers, not because I thought I was going to get laid, but because they would have ruined the line of my dress. Anyway I was sitting there drinking coffee after dinner when these two guys walked in.

They were gorgeous and I couldn't take my eyes off them. They must have spotted me looking over at them, because about five minutes later, one of the guys, Des, came over and asked if he and his brother, Lenny, could join me for a drink. I was quite surprised that they were English, they were both so dark and hairy looking, I had just presumed they were locals.

EROS: When did you realise that this chance meeting might turn out to be sexual?

JESSICA: Pretty quickly because we all just got on so well. Prior to that night I hadn't had sex for quite a while, so I was pretty horny, and I suppose we all have fantasies about taking on two guys. We sat and flirted for a while and it must have been well after midnight when Lenny invited me back to their parents' villa for a late night swim in their private pool. The guys told me their parents weren't there, so we could have the place to ourselves for a bit of a pool party. I told them I didn't have a bathing costume and they laughed and said that would make it all the more fun. And I think that's when I decided that I would go back with them, knowing full well that I was about to get shafted by them both.

EROS: And did you have sex in the swimming pool?

JESSICA: Yes, and it was the first time I've ever done it underwater. When we got back to their villa, we all went down to the pool and quite brazenly I took off my dress. I knew I look good naked with a tan, just wearing high, heeled shoes, so I whipped off my dress and paraded around a bit in my high heels.

Then I sat down and parted my legs a little, while I unbuckled my shoes and gave them a peep at my pussy, then I jumped in the pool. They followed soon after, also in the nude.

And then it just happened. One minute I was swimming around in the shallow bit getting used to the coolness of the water, the next thing I knew Lenny and Des were with me, their hands roaming all over my body. Lenny began tongue-kissing me and rubbing the flats of his hands all over my rock-hard nipples. His brother dived under and got his head between my legs. It felt great but; weird. Then Des lifted me out of the water so I could perch on the edge of the pool, and he spread my legs and went down on me properly.

I love having my pussy licked, so I just lay back in the moonlight and let him lick me for ages. He gave me two super orgasms. Then, when I looked up Lenny was standing above me with his hard-on in his hand, so I crawled up on all fours and started to suck him off. And while I had my mouth filled with his cock, I had my pussy filled with his brother's, as Des slid it into me from behind, hard and fast. It was fantastic. Not only was I being filled at both ends, which made me feel incredibly powerful, but I also just loved the way I had two pairs of hands playing with my nipples, wanking my clit and squeezing my arse cheeks as I was being banged. They both came in me at the same time.

"While I had my mouth filled with his cock, I had my pussy filled with his brother's..."

EROS: And you had full sex with the other brother as well?

JESSICA: Yes, that was in the swimming pool and it was fabulous. The movement of the water lifted me up so much, it felt like I was riding a sixteen inch cock or something! I came at least three times, I think. Then afterwards we started getting a bit cold, so we all went back into the villa and had drinks and then the three of us ended up screwing

James had just got back from a sales conference when his boss strolled into his office.

"James!" said the boss. "You look like shit. What's up? Are you ill?"

"No, I'm not ill," said James.

"So what's wrong?"

"Well, the first night of the conference, I met this gorgeous redhead at the bar. One thing led to another, and before you can say Jack Robinson we were in her hotel room, in bed, fucking our brains out."

"So what's the problem?"

"Nothing. But after we'd screwed she sat up in bed and started sobbing her heart out, thinking of her husband and five kids at home. That got me thinking of my wife and kids. And that's when I started bawling."

"But James, that was nearly two weeks ago. Why are you're eyes still all red?"

"If you'd cried your eyes out twice a day for two weeks, you'd look like shit too."

A husband and wife were in bed, fast asleep. The wife was dreaming she was in bed with another man when her husband came home unexpectedly. In her sleep, she screamed, "Oh my gawd, it's my husband!"

And her husband, waking suddenly, leapt out of the window.

What do a wife and a good carpet have in common? Lay them right first time, and you can walk all over them for the next twenty years.

A man goes into a fish and chip shop and asks if they've got a video of The Dirty Dozen. The assistant says no. Next, he asks for Terminator Two. The assistant politely points out that this is a chippy, not a video rental shop. "Okay," says the man, "Give me A Fish Called Wanda."

The young catholic lad sat in the confessional and began his confession. "Forgive me, Father, for I have sinned. I have committed the sin of fornication with a young woman of this parish."

"And who was the young harlot?" asked the angry priest.

"I'm afraid I cannot betray her Father," answered the embarrassed young man. "I really cannot give you her name. She would be so ashamed."

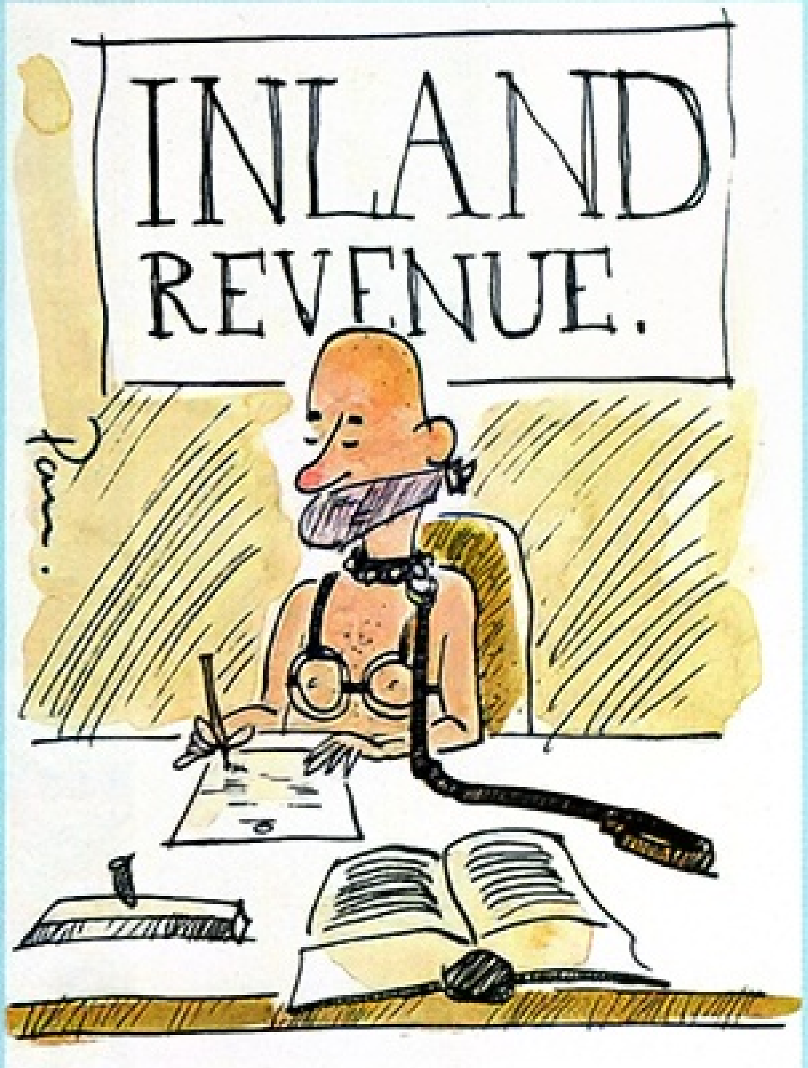
"Was it Margaret O'Reilly?"

"It was not."

"Well then, was it Kathleen McBride?"

"I'm afraid I cannot tell you, Father," he said, and fled from the church. Outside he met a friend and told him he'd been to confession. "Did the good Father absolve you?" asked his friend.

"No," said the young man. "But he gave me a couple of good leads."



INLAND REVENUE.

Your obedient servant...

A bloke on holiday in Amsterdam visits a brothel, but he only has enough money for a quick fuck with an inflatable doll in a back room.

"I want my money back," he complained to the Madame afterwards, "that doll's got a runny nose."

"Girls!" the Madame shouts up the stairs. "It's time to empty Lulu."

Did you hear about the gay vicar caught speeding? He was doing thirty revs an hour.

Feeling depressed? Not getting enough nooky lately? Count your blessings. Consider the pathetic sex life of the humble egg. The poor little bugger only gets laid once in his whole life, he has to come in a box with five others, he takes at least four minutes to get hard and less than three to get soft. And his mother is the only female who ever sits on his face.

What's sixty-nine plus sixty-nine? A good meal for four.

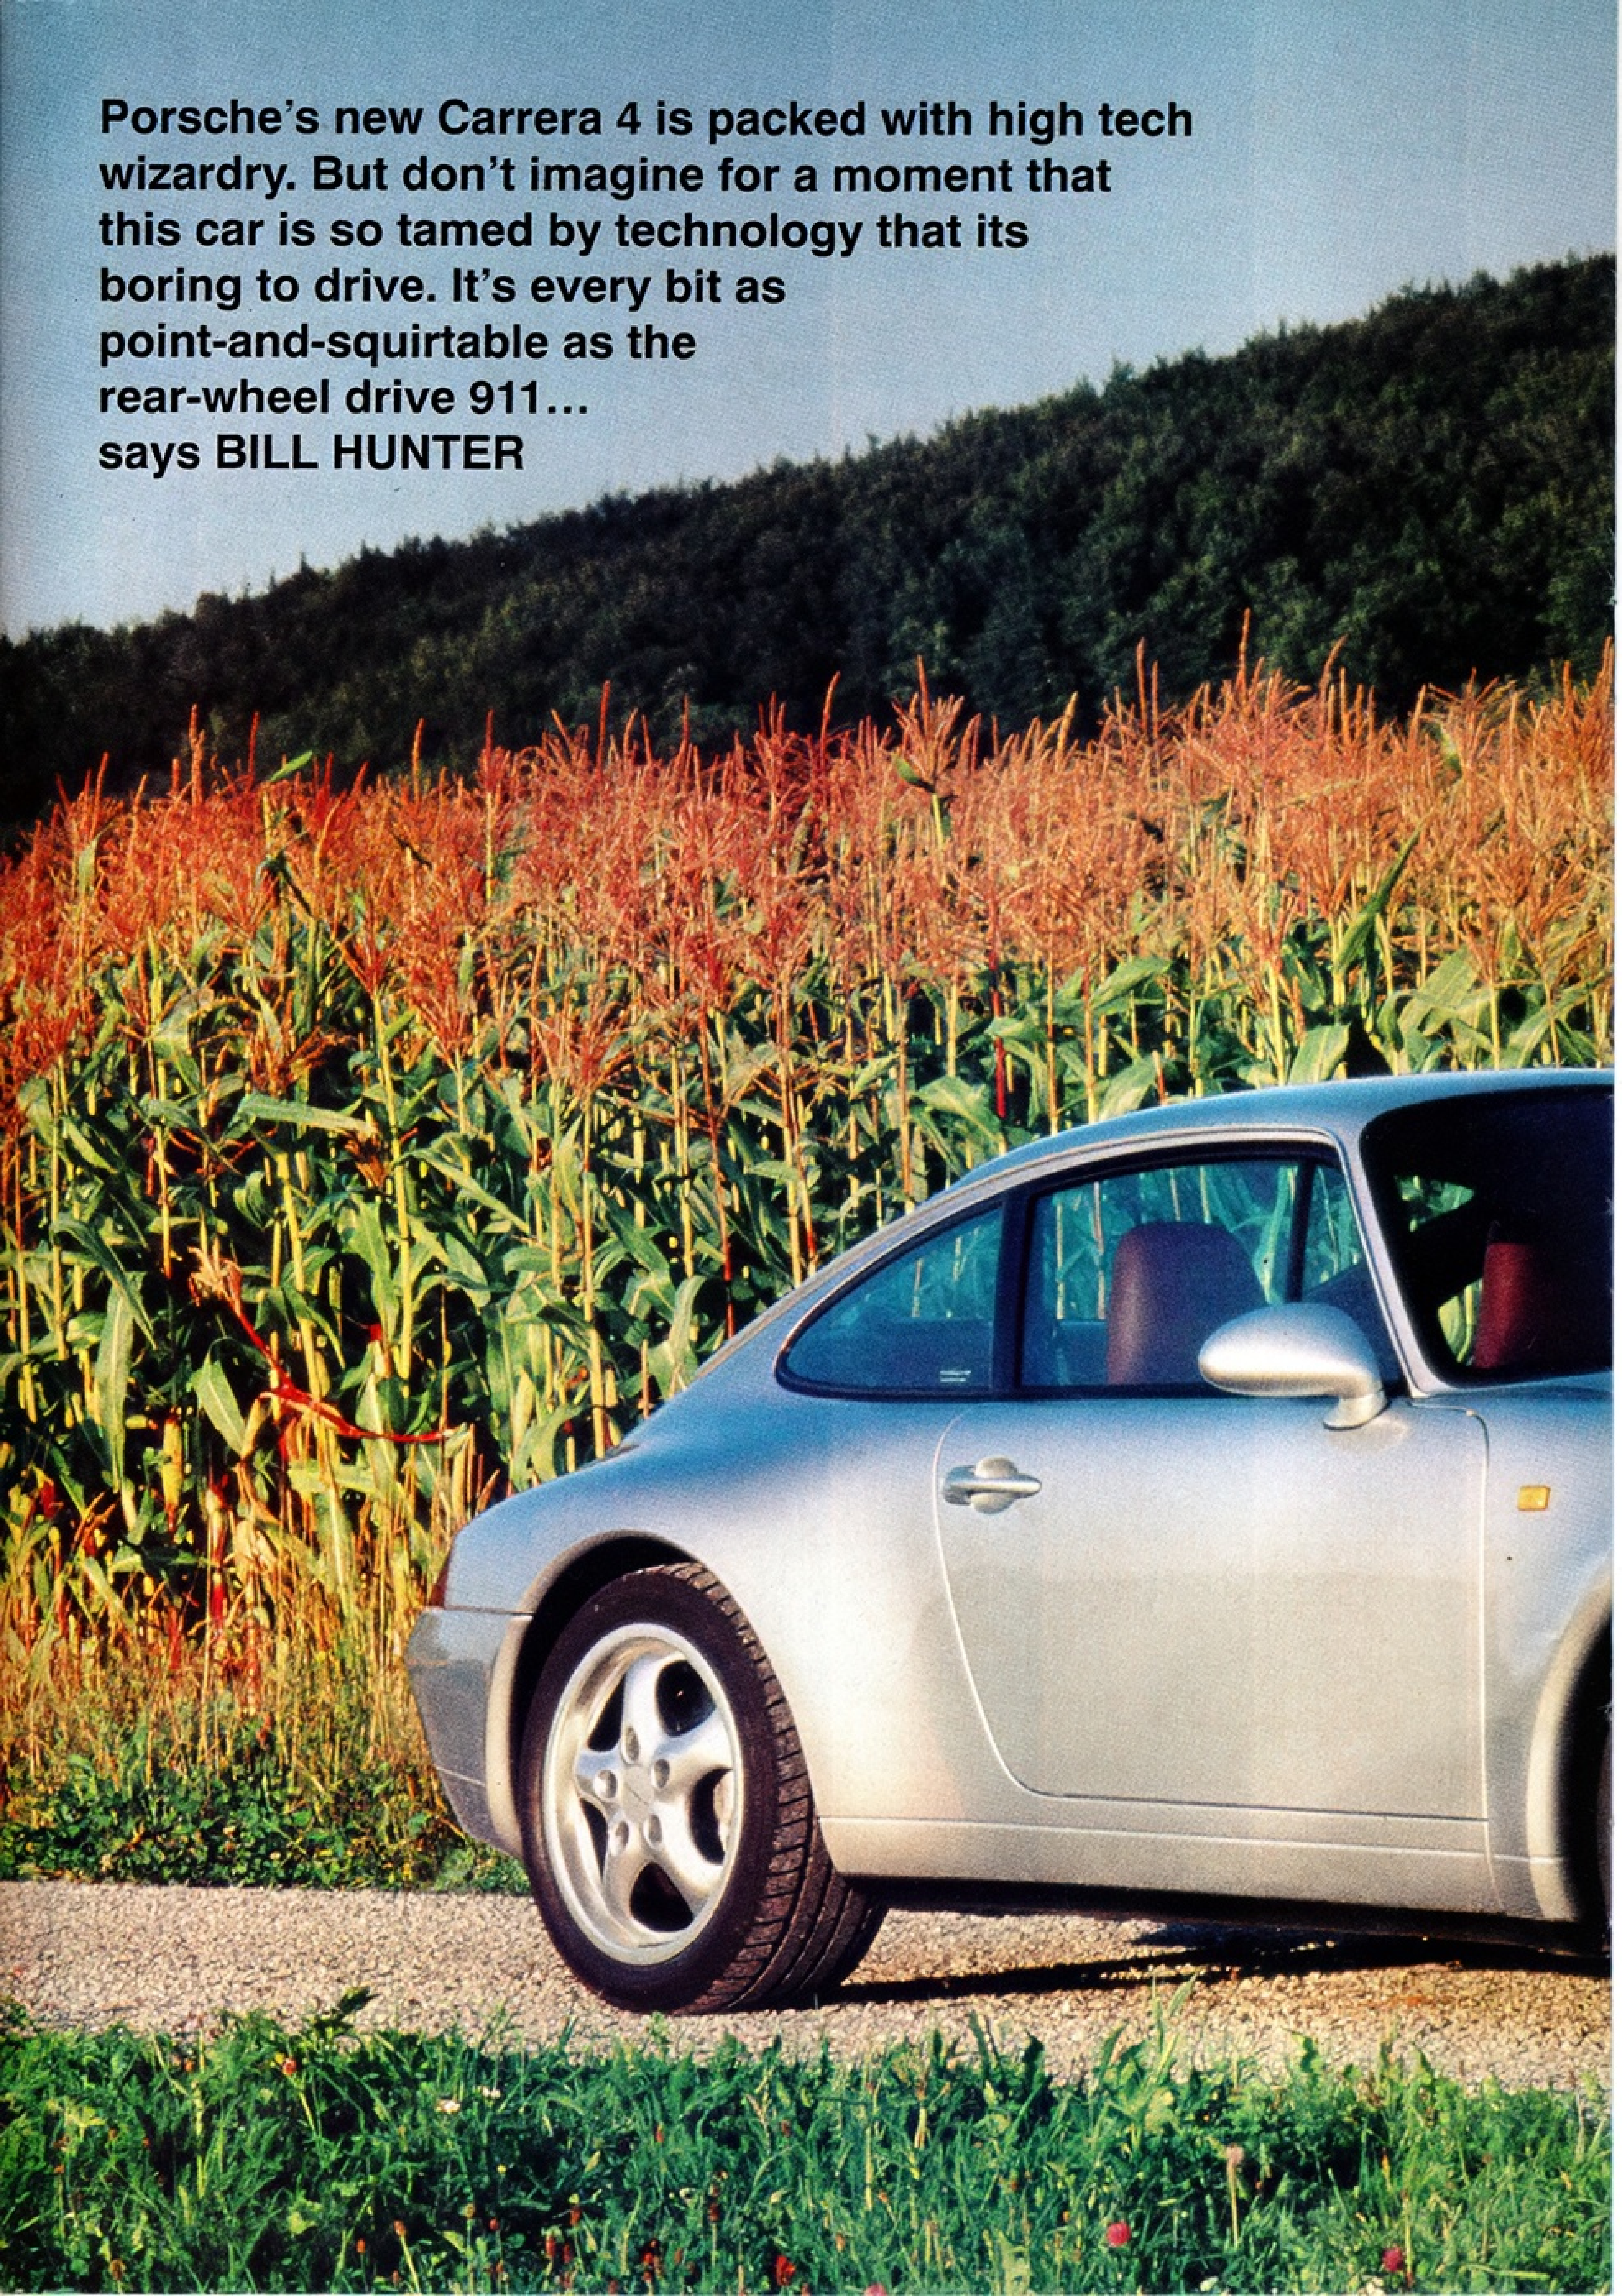
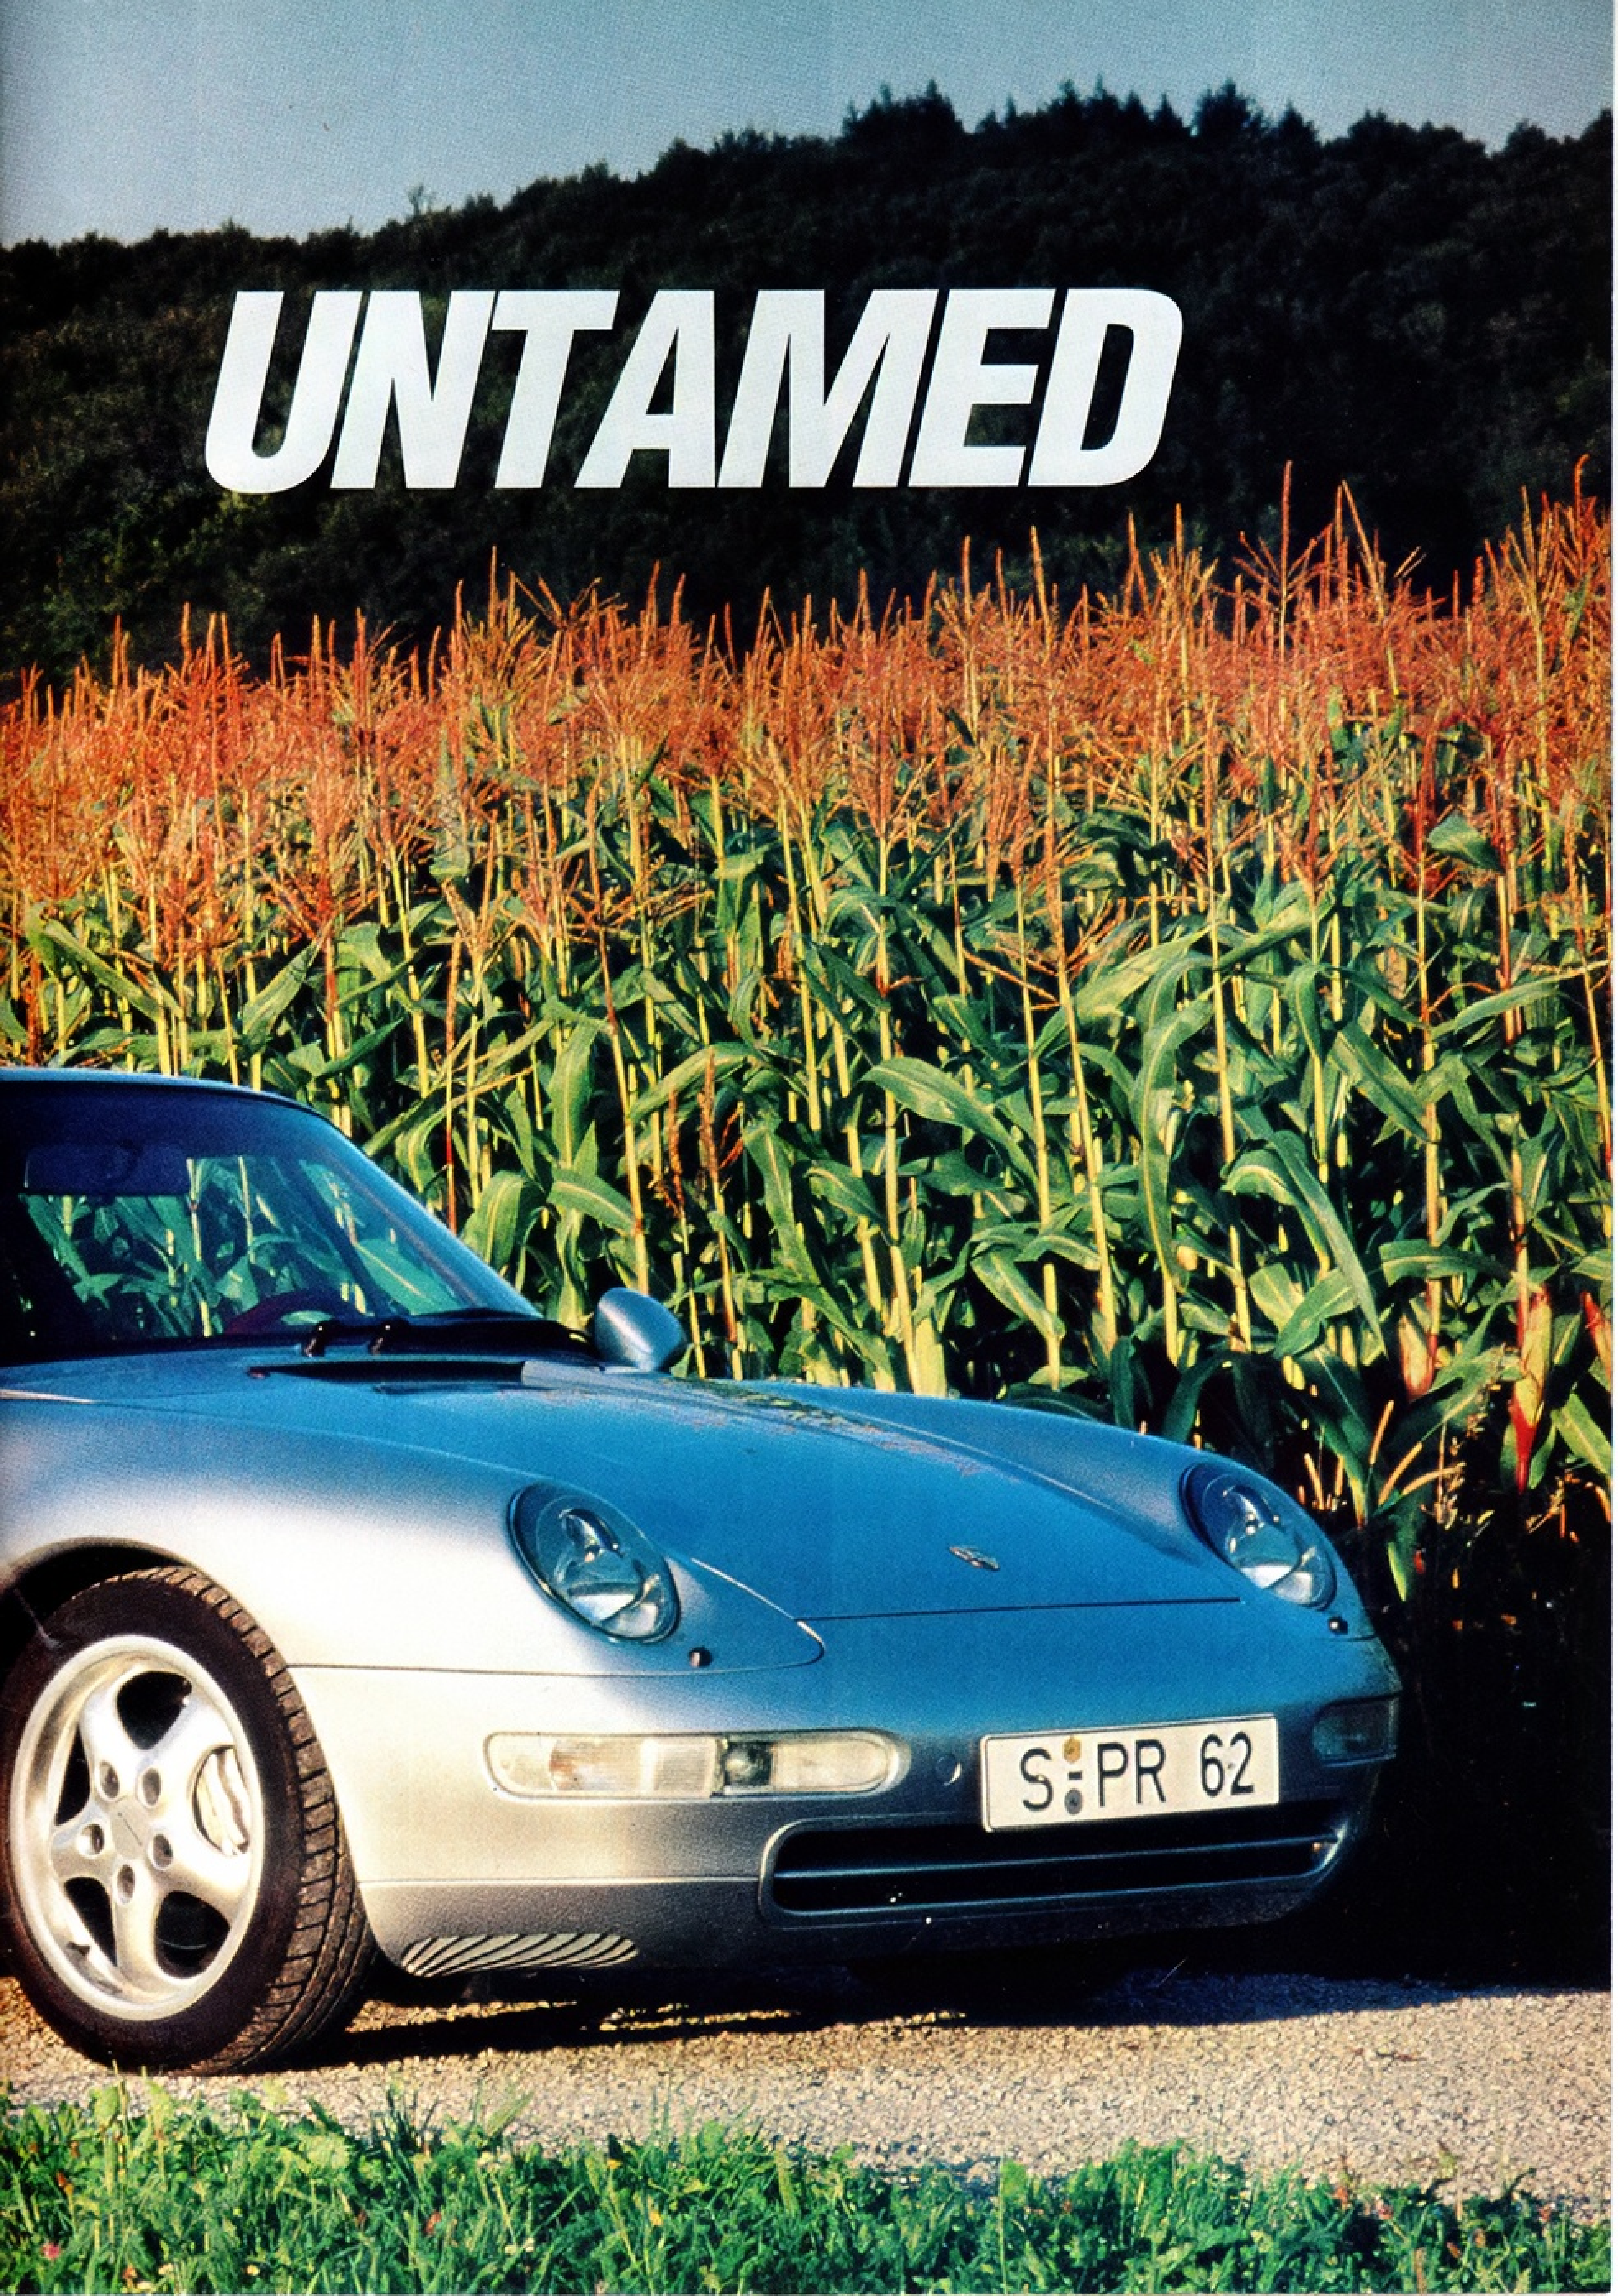
"We first became friends at secretarial college. We got on so well together, that when we moved away from home and got jobs we decided to share a flat. And we've been happily living together ever since. Yes, people often think we must be gay, but we're not. We like men much too much. But we are very close, as close as two people can be. We have no secrets from each other. We tell each other absolutely everything. And we never get jealous or anything. In fact we've often slept with each other's boyfriends. One crazy night we even shared one lucky guy between the two of us. That was really great, because if anything, it brought us even closer together."

Porsche's new Carrera 4 is packed with high tech wizardry. But don't imagine for a moment that this car is so tamed by technology that its boring to drive. It's every bit as point-and-squirtable as the rear-wheel drive 911…
says BILL HUNTER



UNTAMED



The argument about whether or not a rear-engined sports car like the Porsche 911 should have four-wheel drive has rumbled on for years among enthusiasts. The upside of 4WD, of course, is that you get all that extra traction. The downside is all the extra weight, not to mention a drop in performance and fuel economy. Worst of all, handling isn't improved, to say the least. Front tyres are at their best when they have only one job to do, namely steering. Plug in some drive and handling is never going to be as neutral or as sharp. Or so the argument went. The advent of the new Carrera 4 has changed all that.

In its raw, two-wheel-drive form, the current Porsche 911 is without a doubt one of the finest handling cars around. By introducing the Carrera 4 and thus making it four-wheel-drive, there was a very real danger that the backroom boys at Weissach would bugger it up completely. I'm glad to say they haven't.

For starters, the additional four-wheel-drive running gear weighs only some 50kg, which is about half as much as it did on the previous Carrera 4. Power-cutting friction losses have also been cut by about half. And economy, based on the Euromix formula, is unchanged at 24.7mpg. Claimed top speed is still a very useful 168mph, and acceleration to 60mph is actually a tad quicker - the two-wheel-drive job does it in 5.4 seconds, the Carrera 4 in 5.3 seconds.

The four-wheel-drive system is beautifully simple. A viscous clutch is used to divide the torque between the rear and front wheels. When accelerating, only 25 per cent of the torque goes to the front wheels, resulting in beautifully clean, crisp turn-in to corners with little or no stodginess or understeer. If the rear tyres should begin to spin, more torque is automatically fed to the front end.

Fabulous Sounds

Every boy racer knows that should you be so unwise as to lift off the accelerator in the middle of a corner in a 911, you stand a good chance of having the rear end swing round and hurl you across the landscape. The system takes care of that, too. Lift off, and 40 per cent of the torque is immediately fed to the front wheels to improve stability and balance.

Sitting in the cockpit, the Carrera 4 feels pretty much like all 911s - that's to say, cramped. Though both the driving position and dashboard layout have been improved, they are still far from perfect. Turn the key though, and none of this matters.

The air-cooled, 3.6 litre, six-cylinder engine sounds fabulous. Feeding its 272bhp through a quick-changing, six-speed gearbox with nicely spaced ratios, it runs strong and true right up to 6,800rpm, its 243lb ft of torque giving truly awesome acceleration. Controlled by the Porsche Tiptronic system, the dual-function, four-speed, gearbox can be either fully automatic or manual. In manual mode, you can shift gears by using either the gear stick or a pair of rocker switches set in the spokes of the steering wheel, where a slight pressure of the thumb is all it takes to change gear.

All-round ventilated disc brakes with Bosch ABS as standard provide equally impressive stopping power, with ABD (Automatic Brake Differential) making sure of even grip between right and left-hand tyres. For instance, if the right-hand tyre begins to lose its grip, torque is transferred to the left, allowing the right tyre time to regain its grip.

With all this high tech wizardry, it's rather difficult to hang the tail out to dry. Flooring the accelerator out of a hairpin can lead to some loss of grip at the rear, but only for a moment - ABD and the viscous clutch soon show it who's boss.

But don't imagine for a moment that this car is so tamed by technology that it's boring to drive. Most of the time through those bends the Carrera 4 feels just as point-and-squirtable as the rear-wheel-drive 911. The steering is gloriously accurate, but well-weighted and full of feel. Keep your foot on the accelerator and it shows only the slightest touch of understeer, ease off the throttle and the nose tucks in with no danger of the tail suddenly overtaking you. Flat out on the autobahn, the Carrera 4 felt much more stable and composed than its two-wheel-drive cousin. Over bumpy side roads, the chassis asserted its authority - no matter how unfriendly the conditions, it sharked through with devastating power.

Very Competitive

Of course, all this would be of little value if all the feeling and fun of the two-wheel drive had been lost. But have no fear. It hasn't. With the Carrera 4, the four-wheel-drive system is all benefit and no deficit. In dimensions, equipment and engineering it is exactly the same as the rear-wheel-drive 911, except for the drive system. Even the luggage compartment at the front remains unaltered thanks to the compact design of the front axle differential.

Despite all the advanced technology, and the improved ability and performance, the price difference between the 2WD and the 4WD versions of the 911 are closer than ever. The coupe version costs £58,245, and the cabriolet will set you back £63,245. Though highly competitive with other cars in its class - such as the Audi RS2, the BMW M5 - that's an awful lot of money. But if you can afford one, go for it. It's a beauty.

Virgins are Extra

by Joanna Deacon

Sydney, I'm fucking bored," said Lord Bollinger to his personal assistant. He was also, he said, depressed. In a word, pissed off. He sat at his half-acre of shining rosewood desk in his executive suite on the fortieth floor of the Bollinger Tower and felt that, somehow, life had lost its savour. What was the point of it all?

Lord Bollinger, or Fred Bolton as he then was, had left school at fifteen. His first job was in a car polish factory, screwing lids on tins. Nobody could explain quite how he'd managed it, but his progress since then was usually described in the financial media as 'meteoric.' Forty years on he owned newspapers, and the mills that made the paper they were printed on, and the forests that were chopped down to make the paper.

He also owned TV stations, oil wells and tankers, two airlines, a copper mine, a gold mine, an Amazonian rain forest, a chain of supermarkets, acres and acres of prime arable land, a Greek island, and most of London's west end. He had been married seven times, to some of the most beautiful women in the world. Nevertheless, he was pissed off.

His helicopter was parked on the roof, ready to whisk him to any one of his vast estates within the hour. He wasn't interested. His Learjet, on twenty-four hour standby at City airport, could have him at his villas in Barbados or Tuscany or the Cote d'Azur in no time. But he couldn't be bothered.

His yacht, moored at Newport, fully manned and with steam permanently up, could be cruising the Aegean within a couple of days. It didn't mean a thing. So what was the point of having loads of money if it didn't make you happy?

"I dunno, Sydney," he said wistfully. "The older and richer I get, the more I yearn for the simple things of life. I'm sick of the yachts and planes and villas. I'm sick of the jet set parasites and hangers-on. I got so much more pleasure out of life when I was poor and unknown. A good old-fashioned screw in the hay with a simple country girl who liked me for myself, not my millions, gave me more pleasure than all the sexual gymnastics with little tarts who only want me for my money. I'm sick of it all."

Innocent Country Girl

And Sydney, like any highly-paid personal assistant to a volatile and idiosyncratic multi-millionaire who valued his job, paid attention and made a mental note of what Lord B had said. That weekend Lord Bollinger, still fed up, was alone (except for twelve servants) on his huge Derbyshire estate, determined to get back to the simple life he seemed to remember having loved so much. After a simple dinner of poached salmon, Camembert, and hothouse grapes, he set out for a stroll around his grounds. Walking, he felt, was an important part of doing things simply.

He'd walked about a mile along his trout stream (Sydney had reminded him that poachers were still invading his land) when he was surprised to see smoke coming from the chimney of the old gamekeeper's cottage, which had stood empty ever since he had sacked the keeper six months before. He approached quietly. If New Age squatters had moved into his property they were in for a nasty shock.

But it was Lord B who got a shock. There, pottering in the cottage garden, quietly humming to herself, was the sort of sweetly innocent young country girl he had thought no longer existed.

Her gorgeous young body was simply clad in a cheap but becoming cotton dress, her long chestnut hair flowed freely down her back, and her beautiful face was quite devoid of make-up. She was, thought Lord Bollinger, like a drink of cool water after a disgustingly rich banquet, like the first girl he had ever kissed. She made him feel young and innocent again. He wanted to fuck her brains out.

She turned and smiled at him, a clear, direct smile. Her teeth were like little white pearls. She did not

When you're very, very rich, anything is possible. Even finding a beautiful and virginal young country girl who loves you for yourself alone. Maybe…

know he was fabulously rich. She wanted nothing from him, except perhaps love. Lord Bollinger smiled back, his face muscles creaking with disuse. The estate manager must have hired a new keeper, and this must be his daughter. She spoke, and her voice was soft and warm and friendly. "My name's Rosie," she said. There was a band of little freckles dotted across the bridge of her nose. "Have a raspberry." She held out her basket and he took one, speechless and enchanted.

Within minutes he was inside the cottage, sampling her home-made cowslip wine, while she chatted artlessly on about how the slugs were eating the hollyhocks, and how a badger lived at the bottom of the garden, and how it was lovely living there but, yes, it could get a bit lonely at times for a healthy young girl.

And then, somehow, Lord Bollinger found himself kissing her, quite chastely, on the cheek. She smelled delicious, not of expensive perfume but of soap and water and raspberries and cowslips. She returned his kiss, clumsily and almost chastely. And then the kisses became more passionate (though never coarse), and less innocent, and on the mouth. Her sweet little tongue darted shyly into Lord B's mouth for a second.

Then quite soon - it was almost like a dream - Lord Bollinger, feeling hornier than he had felt in many years of every possible kind of sexual excess imaginable and unimaginable, found himself following her up the narrow stairs and into a tiny low-ceilinged bedroom that was almost filled by a great brass bedstead.

Her Lips Parted Easily

With trembling hands they undressed each other, stopping every now and again to touch and caress. Rosie, noted the besotted Lord B, really was just an old fashioned girl. Under the simple cotton dress she wore nothing but a pair of simple white cotton knickers and matching bra and suspender belt, and those thick lisle stockings he had never thought to see again. Shyly, she turned her back (giving him a mind-boggling view of the most delicious little arse he had ever seen), scrambled into a long flannel nightgown, and got into bed. His cock leapt like a gaffed salmon as he quickly followed her under the patchwork quilt.

They lay and kissed for a long time before Lord Bollinger dared slide his hand under the thick nightie and onto the inexperienced young body beneath. She sighed and quivered as his hand roamed slowly along her slender thighs, through the surprisingly thick bush of silky hair on the plump mound (none of that silly shaving nonsense for this down to earth little creature), across the slightly rounded belly, and on to her small, plump breasts to find the small, erect nipples. Then he felt a tentative, questing hand moving slowly down his body towards his crotch, and he held his breath as it advanced on his rigid cock. It seemed an agonising age before he felt her hand on it, awkwardly touching and stroking and exploring.

It was the most erotic experience of his life, a hundred times more exciting than anything he had ever known before, because her touch was so deliciously clumsy, so obviously unused to handling the rampant male member. He longed for her to take it into her warm mouth, but knew it was impossible. She would never have heard of such perversities. He slid his own hand back down through her silken thatch, and felt her spread her legs a little for him. Further down, the lips were swollen and parted easily under his touch. He heard her gasp, and her thighs were trembling now. She was very wet, and as he stroked the thick cream up from her tight little opening onto her erect clitoris, she groaned aloud and shyly buried her face in the pillow.

> **"He heard her gasp, and her thighs were trembling now. She was very wet, and as he stroked the cream up from her tight little opening onto her erect clitoris, she groaned aloud and shyly buried her face in the pillow..."**

They played like this for a long time, kissing and sighing and stroking before, wrapping her arms around him and spreading her legs wide, she urged him on top of her. "Please be gentle with me," she whispered. It was only when he felt the resistance as he pressed his fat knob against her, heard her cry out as he entered the tight grip of her love channel, that he realised that she had been a virgin and he had taken her maidenhead. The knowledge excited him so much that he spunked immediately. She clung to him, arms and legs wrapped tightly around him, as she shuddered and sighed in the throes of her own release. Then they fell asleep in each other's arms.

When he woke in the morning, she was gone. He waited. He wanted to see her again. He thought he might be in love with her. Perhaps they would marry. He would turn his back on the world and live the simple life here in the cottage with Rosie. But she did not come back. And he soon tired of waiting.

He kept meaning to go back and find her. But somehow he could never find the time. And gradually she faded from his memory. He was right back on his old form, taking over and buying and selling and hiring and firing and building and demolishing with all the old relish. He was no longer bored and fed up.

Hymen Replacement

It was Sydney who dealt with the invoice. It was headed Fantasy Escorts Unlimited, and read: To hire of one girl, one brass bed, cowslip wine, transport and various miscellaneous incidentals - £20,000. Extras (special vaginal tightening and hymen replacement surgery - £10,000.

He signed the cheque, drawn on a very private Swiss account, with a flourish. It was worth every penny. Thirty grand was peanuts when it came to keeping someone like Lord Bollinger happy.

Petra

"When I first came to your country from Sweden, I was warned that Englishmen were very cold. Now I have an English boyfriend, and I know better. One of the things that attracted me to him is that, unlike Swedish men, he is not a bit possessive. He loves me to have sex with other people, then afterwards tell him everything I have done. Not long ago I was in bed with a girl I had just met when I had a brilliant idea. I picked up the bedside phone, and rang him. I told him exactly what we were doing. Then I put the phone on the pillow between us so that he could hear us as we made love. I even held the phone down near our pussies so that he could hear the lovely noises when we sucked each other. He heard us both climax. He thought it was fantastic. A Swedish man would not. They are so boring."

On The Couch

Felicity Ryder answers your sexual, emotional and personal problems

I went to a friend's stag night a few weeks ago and a couple of girls were hired to entertain us. It took place upstairs in a pub and, before long, the girls were naked on the billiard table, with all us guys putting the balls into their snatches. I thought it was just a bit of fun but suddenly one of the guys, Phil, got his dick out and shoved it inside one of the girls.

She was furious and wrenched herself away, saying that sex wasn't part of the agreement. Being a bit of a bully, Phil grabbed her by the scruff of the neck and yanked her down on his cock again. She struggled for a while, then Derek came over and told him to leave it out. The girls were really angry. They got dressed and left and we just carried on drinking. Since then, I have had a continual fantasy about forcing sex on a girl. I can see Phil, or me, hammering into an unwilling woman and it excites me no end. Does this mean I'm a potential rapist? I must admit that it was pretty scary watching a girl being virtually raped, as this stripper was, and I would have thought that it would put me off such fantasies, not make me have them. I wonder what you think Tuppy? Could I be a rapist?

The girls were naked on the table, with us guys putting balls in them…

Most people, men and women, have rape fantasies. There is a new awareness about rape. It's only now being openly discussed after being a taboo subject for many years. Obviously people have responded with shock and horror. That's why we suppress our fantasies about it.

Watching Phil force himself on the stripper obviously unleashed your fantasies, and now you are enjoying them. I'm sure you're not a rapist. Probably Phil isn't either. He was no doubt very drunk and unaware of the boundaries that had been agreed between the girls and whoever hired them. I suspect that he continued to try to screw her because he didn't want to look as if he was being rejected in front of his mates.

Thankfully the girl was rescued. Lots of strippers are refusing to do stag nights now because this sort of thing so often occurs.

WHERE CAN I GET HAND RELIEF?

I want to visit a masseuse and have the works. I want to strip naked, then feel a woman rubbing warm oil all over me, touching my body all over, rubbing me and stroking me, and making me feel wonderful. Then I want her to wank me off, very slowly and deliberately, making me wait ages before I eventually erupt and shoot my load all over my belly and her hands.

My problem is that I don't know which massage parlours are genuine and which ones do things like this. Is there any way of finding out beforehand which ones are okay? I would be grateful if you could give me some some guidelines?

"She was one of those women you found yourself inside without any effort"

Nearly all establishments that call themselves massage parlours will offer hand relief. Even some establishments that call themselves fancier names, like health studio and tanning salon, give such relief. The only thing is that they usually like to get to know you before they toss you off, so as to make sure that you're not a policeman or something. So, if I were you, I'd go and find a parlour you feel comfortable in, and have a massage without any expectations, but with enough money on you for "extras" should they be offered. If a massage is all you get, tell the girl you'll be coming back for more because her hands felt so good. Gain her trust and your prick will be wanked.

Come to think of it, gain any body's trust and your prick could be wanked. Don't you have a girlfriend who can give you this little treat?

I PULLED OUT AS THE TRAIN PULLED IN

Thank you for bringing a serious tone to this magazine. I do enjoy all the fun on the other pages, but feel that sex is a serious matter, and sometimes we men need advice. For example, I'm feeling real bad at the present. What happened was, I went back to see my old mum for a few days this summer. In the local post office I bumped into a girl I used to go out with, when I was still living at home.

I hadn't seen her in eight years, and it seemed dead strange. After we'd broken up she'd got married and had a baby and that's the last I'd heard of her. Well, she was not alone in the post office. She had this little boy with her and, I say it myself, he looked the splitting image of me. She gave me a bit of a coy look, and we parted company after a few pleasantries. I bought my stamps and went back home. My mother could tell I was upset, and I told her everything. She smiled and told me that I was not the only one to notice. She'd been wondering whether to mention it to me or not but had thought "let sleeping dogs lie.".

Angie had been a very passionate lover. She was one of these women who you found yourself inside without any effort, or thought. Your cock was up and in like that was the natural way to be. We'd had it everywhere. We were youngsters without a care in the world although I was careful about not making her pregnant, mind you. I pulled out when she said it was "dangerous" and shot straight up her if she had a period, or was just over one. It's only because I moved up to London that we split. To begin with, I used to travel back at weekends to see her but it all became contrived and uneasy. Eventually she phoned up and announced her marriage to a chap from the next village, someone I hardly

On The Couch

knew. That's how it ended. I lay in my little old bed that night and wondered which one of those last sessions might have been the one when this little boy was conceived. Then it came to me. She'd come to see me off at the station. I'd been pulling out all weekend because she'd said it wasn't safe. We'd rushed out of bed on the Monday morning for me to get the first train up to London and not had time for sex. But there was five minutes before the train. We'd crept round the back of the station, left my bags by the side, and stepped in between two huge patches of stinging nettles. Then I'd leant her against the wall. Pushing her knickers aside, I'd slid my cock in, placed my hands on here round breasts and humped away. The sound of the train came through the hills and I told her I'd have to come. My erection grew and grew and she held me tightly with her arms and legs. There was no pulling out. The train arrived as the last spurt of spunk hit her cervix. My trousers were done up on the way to the train, and I grabbed my bags and just made it in time. I expect that, by then, she was probably already having sex with her hubby-to-be, so he would have thought the baby was his. I shouldn't stir things up but, knowing you've got a little son running around the place, and not being able to contact him is absolutely terrible.

I can imagine. It's made you all nostalgic and sentimental. I hope that time will help to make the feelings less difficult.

It might be a good idea to try to talk to Angie because she's probably feeling upset too. When you've heard her side of the story, you may feel better.

It would, of course, be unfair to spring any claim on the boy, either to him or the "father" and I think it's fair to say that you should beware of overwhelming Angie with your personal feelings. Beware of projecting your feelings on to her. Also, it may well be that her marriage would not be strong enough to survive all this coming out.

"The train arrived as the last spurt of my spunk hit her cervix..."

I'D LOVE TO HAVE A HUGE DICK

I know that dick-size is not supposed to matter to women, but I'm not convinced. I think that given the choice women will go for the big one every time. It stands to reason that the bigger it is, the more pleasure it gives them. I would desperately love to have a really huge, thick, long, hard dick, even if it were for only just one night. Any suggestions please?

The size of your cock isn't important, it's the way you use it that counts.

But if you really believe that you must have a big one it's easily arranged! You could go out and buy a really powerful magnifying glass. Or if you've got a computer and scanner, scan in a photo of yourself naked and use Photoshop, or whatever, to enlarge the picture of your cock, so it's the size you

"My husband's away a lot on business, and we're both very highly-sexed people, so we've given each other permission to find lovers at those times.

Obviously, I don't want to get into anything serious or permanent. Just one night stands.

Lately I've developed a taste for threesomes.

I go out to a pub or something, spot a likely looking couple, and chat them up. It's surprising how many women love handling big breasts.

Usually they're only too pleased to oblige a lady in need.

Sometimes we just get it together in the back of the car, but if we want a really serious session we go back to their house or mine and go right through the card."

LA MARGE (Lighthouse)
Death and sex are the predominant themes in this enthralling tale of a happily married man who falls in love with a beautiful young prostitute. When you get gorgeous Emmanuelle star Sylvia Kristel appearing opposite the equally notorious Joe Dalessandro, you expect some highly charged erotic action, and that's exactly what you get. Directed by Walerian Borowczyk, La Marge comes right up to the highest expectations.

SKI SCHOOL (MIA Video)
It's downhill all the way when a group of horny students arrive at the school for a skiing holiday. They soon learn that being hot on the piste isn't nearly as much fun as the non-stop partying off the slopes. Fast runs and even faster girls, combined with much highly erotic raunchy revelry and some of the most stunning ski photography you've ever seen, makes this a great combination of sex and high speed action.

MADAM X (MIA Video)
Behind these beautiful oriental faces, passions run deep. Cool but passionate, discreet but debauched, high class brothel keeper Madam X aspires to be the very best in the business, and her girls will do anything (repeat, anything!) to help her fulfil her dreams... If you like Asian babes, you'll love this. The fabulous Mimi Miyagi stars, more than ably backed by the luscious Meloni Moore.

Pisces

PISCES *19 February – 19 March*
A slim blond man with dark glasses and an unattractive cardigan is quite likely to engage you in conversation when you venture into a small dark night club in pursuit of the girl with green eyes. Be very careful how you reply to his questions concerning the government's plans to privatise the condom industry, or you are unlikely to get any penetrative sex for at least three weeks. You may well find yourself sharing a jacuzzi with a former nun and three strippers if you attend the party no one wanted you to go to.

ARIES *20 March- 19 April*
Betelgeuse rising in the House of Delight implies that the girl with amber eyes and amazingly well trained vaginal muscles is an alien, and if things go wrong, you will be the one expecting a bouncing baby. However, you will also be possessed of amazing sexual powers this month, so expect women to fling themselves on you at every opportunity offering blowjobs and tit wanks galore. A pierced navel will not improve your sexlife.

TAURUS *20 April - 20 May*
A cockatiel belonging to a man with a limp is going to land on your back porch and crap there repeatedly for at least a week. Resist the temptation to shoot it with the airgun you got for Christmas, or your relations with the rest of the family will become very strained indeed. You are quite likely to find yourself keen to don rubber and writhe around in a paddling pool full of jelly when the moon departs from the House of Squish on the 20th, and the girl you met while queueing to get your car unclamped is the ideal partner for such antics.

GEMINI *21 May - 20 June*
Cakes in a plastic bag hanging from a door handle indicate that someone is in the mood for a food fight followed by a doggy-fashion fuck. You should curb any inclinations to fool around with strange women this month as several planets are crossing the House of Paranoia and loved ones are inclined to become deeply suspicious of your usual excuses. Caterpillars are hatching in the pockets of that jacket you bought off a rag and bone man as a charitable gesture, so invest in a good insecticide and a big stick before

Horoscopes

venturing into the depths of the wardrobe.

CANCER *21 June - 22 July*
When you are lying face down on a black satin sheet inhaling the scent of fifteen different candles and that woman with flowing black hair who picked you up in the health food shop advances on you waving something large and black made of plastic, unless you are very into new experiences, it might be a good idea to run away. An owl will follow you down a long dark alley and crap on your head just as you spot a woman you fancy approaching from your left. This is a bad time to plan holidays in Bosnia, extensive building work or anything involving onions.

LEO *22 July - 22 August*
It might be a good idea to spend some time and thought on the making of a compilation tape to play when you entice the busty blonde waitress into your bedroom. She is a lot hipper than she looks so you should definitely ditch the supermarket slushy love songs album in favour of something by Suede or American Music Club. If you get the mix right, you will be rewarded with a superior session of fellatio that lasts most of the night, as well as the opportunity to lick chocolate syrup off her spectacular boobs. Watch out for a bucket full of maggots left in a dangerous place.

VIRGO *23 August - 22 September*
Someone is going to get the date of your birthday very wrong and present you with a pair of novelty boxer shorts and a book about aeroplanes some time after Saturn crosses over into the House of Humiliation. Do your best to ease the awkwardness of the situation, especially if you owe this person money. Potted plants shrivel up and die whenever you are near, so now is a good time to consult a dentist about that little halitosis problem. You will be caught reading a knitting weekly by your most macho workmates when you ought to be in the pub with the rest of them.

LIBRA *23 September – 22 October*
Copulating rodents will infest your garden for the first week of the month and all attempts to get rid of them are likely to fail unless you have made proper offerings to assorted local deities. You will need extra condoms and a substantial supply of cherry-flavoured lubricating jelly when Venus arrives in the House of Horny Toads after the 14th, so visit your pharmacist now. If you are plagued by violent diarrhoea, resolve never to visit that particular takeaway again, and eat a couple of hard boiled eggs every morning. Someone in a clapped out Vauxhall will run you over on the 23rd, but do not take it personally as they quite like you really.

SCORPIO *23 October – 21 November*
If you want to attract the attention of the slim dark haired woman who has just started work in the accounts department, do not sneak up behind her with a prepared speech, or you will sneeze all over her the minute you open your mouth. Far better to arrange for flowers to be delivered anonymously every day for a week. If you complete this procedure properly, you stand a good chance of persuading her to have sex in the bathroom of a reasonably inexpensive hotel. A wallaby made of scarlet velvet and wearing sunglasses belongs to someone who doesn't want to sleep with you, so do not pursue the matter further unless you want to die.

SAGITTARIUS *22 November –20 December*
Driving a car with the letter K in its registration increases your chances of getting a handjob off the woman with the cherry red lipstick. A key you find in the road on a wet afternoon is quite likely to unlock the leather-bound diary you picked up at a jumble sale, but there is nothing interesting between the covers. If you want to improve your financial success, carry a mouse in an inside pocket for a period of three days, and dance around in a circle every time someone breaks wind. Your lucky colour is a kind of snot green.

CAPRICORN *21 December – 19 January*
That packet of biscuits you tucked into your desk drawer is probably going to attract insects of some description before long, and then you will be even less popular than you were before the incident involving the sultanas and the military band. A pocket full of chewed up string and a letter written in green and blue ink are indications that someone, somewhere, wants you to buy them a new pet, perhaps to compensate for the fact that you do not wish to offer them your sexual favours. However, you might well get involved in a prolonged session of oral sex with a woman darts player.

AQUARIUS *20 January - 18 February*
Venus, planet of moisture indicates a lot of wet winds this month, so now is not a good time to treat yourself to expensive new underwear. A cigarette left burning while you talk to the husky-voiced woman with blue eyes could bring interesting encounters with men in uniform, but make sure you are properly insured. When walking slowly down a winding road, take careful note of how many orang-utang's on unicycles cross your path. If it is more than fourteen, you are following the route of a new and unusual travelling circus. If it is less than that, the kebab shop has been spiking the doners with magic

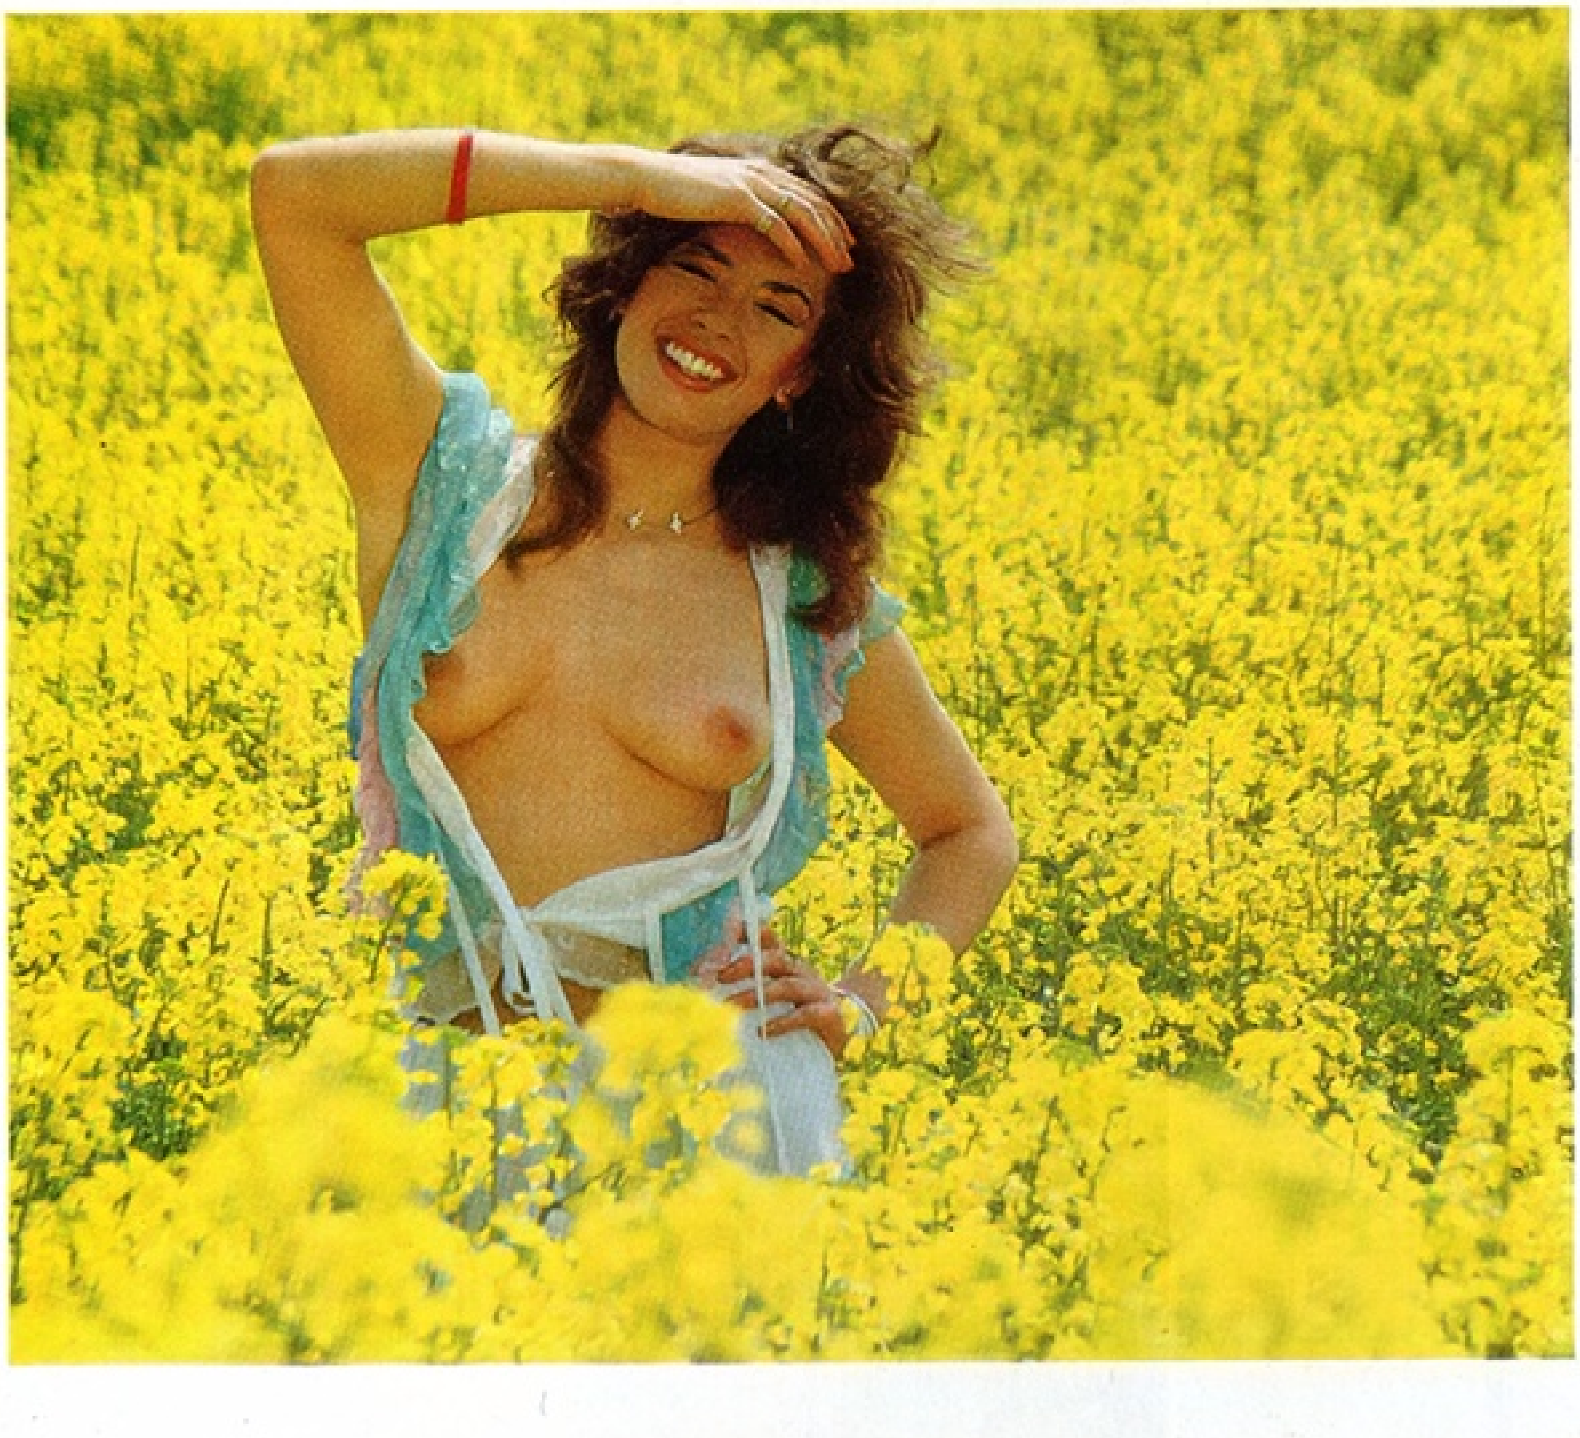
Kay



"My name is Kay. I'm twenty-one, and I work in a travel agency. My husband Steve took these pictures. He's a keen amateur photographer. He was so pleased with them that he wanted to see if he could get them published. I wasn't quite so keen on that idea. They were taken last summer, and I've only just screwed up the courage to let him send them in. I wasn't too nervous being photographed, but when he took the outdoor ones, I was a bit worried someone would come along and see me half-naked. Luckily no one did.
I enjoyed posing. It was a surprisingly sexy experience. I don't know how professional models react, but I have to admit that I got quite aroused - sexually I mean. So did Steve. We screwed like rabbits, and got all covered in yellow pollen.
To be honest, now they're being published, I actually find the idea of total strangers seeing me like this a real turn-on.
I just hope no one I know sees them."

How To Leave A Message For Someone On Our New Voice Mail

We have now got a new, easier system on our Voicebox Service, either to leave a message for that special someone or to listen to messages left for you, just dial 0891 232274. Following a brief explanatory message, you will be guided through choices which you can access by just requesting the service you require.

To Leave A Message For Someone

You will be asked the number of that persons Voice Mail Box from the bottom of their ad. (in brackets after the telephone number) so have this to hand. You will then be able to record the message you wish to leave and hear it played back.

Don't worry, we will not 'post' your message until you are 100% happy with it.

When you make your message, remember to include the sort of things that might make the other person to be attracted to make contact with you. And don't forget the basics - age, sex, height, colour of eyes and hair, what part of the country you live in and any specific contact details, especially concerning discretion.

We have now got a new easier system to work on, you can use any telephone when using this new service. If you have any problems about this or questions, one of our operators will be glad to help. Our office is manned from 9 am to 6 pm every day except Bank Holidays. (Just call 0202 760272). Calls are charged at 39p per minute at cheap rate and 49p per minute at all other times.This service is operated by TMG Ltd., in conjunction with this magazine, PO Box 1186, Bournemouth BH24 3YL.
